
MAPETROL

COMPRESSOR OIL 32

Compressor oil is a quality mineral oil intended for the lubrication of reciprocating and rotary air compressors, as well as some types of vacuum pumps. It has exceptional thermal and oxidation stability, excellent anti-corrosion and anti-wear properties and low tendency to form sludge and coke.

SPECIFICATIONS

- SRPS ISO 6743-3 (L-DAA, DAB, DAG)
- DIN 51506 (VDL, VBL)
- ISO/DP 6521 (L-DAA, DAB, DAG)
